

Meet the Presidents!

Six Leaders Present Their Innovative Approaches to Technology Access and Sustainable Development

Institute of Ecolonomics
Dennis Weaver, *President*

The Institute of Ecolonomics is a non-profit organization dedicated to a sustainable environment and sustainable economy. Recognizing their interdependence, Ecolonomic businesses actually strengthen the economy while honoring and preserving our life-sustaining ecosystem.

ABWI
Fran Close, *Chair*

ABWI (Alliance of Business Women International) is an organization which is dedicated to building, expanding and maintaining global markets for women and minority owned businesses and small and medium-sized enterprises.

NewDeal, Inc.
Clive Smith, *President*

NewDeal, Inc. is a software and Internet services company whose mission is to massively broaden computer literacy and Internet access worldwide by enabling advanced computing on older and consumer PCs through smarter software.

Extreme-E
Susan Mandel, *Principal*

Extreme-E Commerce Development Group, Inc. is a multifaceted Internet and electronic commerce holding company, developing advanced e-commerce solutions with global applicability.

Stirling Energy
David Slawson, *President*

Stirling Energy Systems (SES) is a solar-electrical power equipment integration company who has teamed up with Boeing, Siemens and the U.S. Department of Energy. Since 1984, the solar "Dish Stirling" has held the world's efficiency record for generation of grid quality electricity.

Catalyst House
Lynnea Bylund, *Founder*

Catalyst House is an international strategic advisory and representation teaming consultant. The mission of Catalyst House is to be an extraordinary change and/or acceleration agent for its growing portfolio of sustainable technology clients.
